Churchville - Chili

Dear Middle School Members,

The 1990-91 school year was one of challenge, commitment and accomplishment at Churchville-Chili Middle School. The momentum we have built as one of the best middle schools in our country continued. Visitors from five states and three foreign countries came to our school and enthusiastically shared their positive reactions about our students, staff and instructional program. Hosting youngsters from the Ukraine and Italy on our International Day was a very special aspect of our year as well.

Enrichment assembly programs continued to broaden the academic program of our school. Norman Baker, navigator and second-in-command on the reed boats, Ra and Tigris (which were captained by Thor Heyerdahl) returned. His film adventure on the Tigris and follow up assemblies enabled us to gain a heightened understanding of the people, politics and perils of the middle eastern region. Poetry Alive, Faustwork Mask Theatre, science assemblies, Sunshine Too, and the multi-media assembly of "Be Excellent" enhanced our learning program. Field experiences to Ashokan, Geva, Toronto, Sea Breeze, to name a few, lent to the delightful balance of our instructional program. Test scores as measured on state, achievement and local exams were among the highest that we have ever had at our school. Academics held a prominent place in the success story of our year.

Our co-curricular program continued to involve a large number of students. Our teams - be it on the gym floor, playing field or classrooms (e.g. MATHCOUNTS, MATH OLYMPIAD) excelled. On a typical day it was not uncommon for 55 mathletes, 185 intramural participants, 40 drama students ("The Miracle Worker") 75 club members (Art, Literary, newspaper, yearbook, Student Council, etc.) - to be involved in activities after school. The close to 50 visitation teams who journeyed to our school were tremendously impressed with the fine instructional, co-curricular and enrichment programs at Churchville-Chili Middle School.

The size of our student population continued to grow. 836 students were actively involved in this year's program. They were ably instructed and supported by a staff of 98. Our parent volunteer program continued to be a very successful aspect of our school. Together . . . we accomplished some very special things!!

On behalf of the entire staff and administration, I extend my sincere best wishes to you and your family. I hope that the many challenges you face in the coming years are easily met and your accomplishments, be they academic, social or otherwise, will know no limitation. I look forward to your future with the security of knowing that your years at Churchville-Chili Middle School have been enjoyable, educationally rewarding and have provided a foundation for your ever increasing successes in the future.

Best wishes !!

Joseph W. Hoff

Homeless Count The U.S. Census Bureau spends millions to tally homeless Americans to justify improvements in government services. *Nelson Mandela World Tour* African National Congress Leader Nelson Mandela, one of the world's most celebrated political prisoners, visited 14 nations explaining the goals of his movement. *Roseanne Barr* Many people said that Roseanne Barr was a disgrace for her shrill rendition of the national anthem at a National League baseball double header. *Southern Floods* While parts of the Mid-west dealt with heavy rainfall and floods, those states suffering the most damage were Texas, Arkansas, Louisiana and Mississippi. *Flag Protection Act* The U.S. Senate rejected a constitutional amendment against flag burning. *Douglas is World Heavyweight Champ* During the tenth round, James "Buster" Douglas knocked Mike Tyson out. The fight was considered a great upset due to the long count. *Iraqui President Saddam Hussein* Hussein is commanding the world's fourth-largest army and is trying to deliver on his nationalist dreams. *Madonna* Madonna kicked off her 1990 world tour, "Blonde Ambition", with a seven-concert tour of Japan. *Earth Day* In Washington, Earth Day founder Gaylord Nelson urged more than 100,000 people massed at the foot of the Capitol to work to motivate politicians and corporate leaders to environmental action.

Nolan Ryan Wins 300 Defeating the Milwaukee Brewers on July 31, Texas Rangers pitcher Nolan Ryan won his 300th game. *Earthquake in the Philippines* A major earthquake jolted Manila and surrounding Luzon Island on July 16, killing at least 193 people and leaving hundreds more trapped in collapsed buildings. *U.S. tanks Reach Saudi Arabia* The U.S. Army's heaviest ground firepower reached Saudi soil in August for deployment behind Arab forces manning the front line in the standoff with Iraq. *David Souter joins Supreme Court* David H. Souter, a mild-mannered, well-read and previously little-known judge from New Hampshire, became history's 105th Supreme Court justice in October (1990.) *World Cup Soccer* West Germany dethroned Argentina and won the World Cup at Rome's Olympic Stadium. *Free Elections in Romania* Excited Romanians voted May 20 (1990) in their first free elections in 53 years. *German Reunification* The unification of Germany came 11 months after the Berlin Wall fell in a peaceful revolt that cast aside Communist East German overlords. The nation united at the stroke of midnight when a giant flag was raised in front of the battle-scarred Reichstag building in Berlin. *U.S. Troops Leave for Middle East* As of mid-October (1990) more than 200,000 U.S. troops had been deployed to Saudi Arabia. They are preparing to defend the desert kingdom from a possible Iraqi attack. *Cincinnati Reds in World Series* The Cincinnati Reds, given no chance to beat the Oakland Athletics, needed only four quick games to win the World Series in one of the biggest upsets in baseball history.

GRADE EIGHT

For eigth graders this was a year to get excited and nervous! This was our last year in the Middle School. During the year, the eighth graders took trips to Seabreeze and Toronto. Some of us were chosen to go to Cornell University for a field trip. The eighth graders were able to attend a lot of special assemblies; two being "Sunshine Too" and "Robot Assembly". For the eighth graders "air guitar" is a highlight of the year. Many eighth graders also participated in the school play "The Miracle Worker", which was a big success. The choir had the privilege of going to the Festival of Trees at the downtown Convention Center.

This year the seventh grade did many things. We went to French and Spanish restaurants and to the theatre. Other trips included Harris Seed Co. and Letchworth State Park. We started new subjects this year. These subjects were foreign language (French or Spanish) and Technology.

The seventh graders also had the chance to join other activities. The school sports program had activities like volleyball, basketball, and soccer. We also got a head start with peer coaching, which is part of Honor Society.

The year has been good, and we will soon be eighth graders. But until then, have a great summer.

GRADE SIX

It was hard to go from being the oldest group in the elementary school, to being the youngest in the Middle School. The first day was scarey!" "Will I remember my locker combination?", "Will I get lost?" were some of the thoughts. Most sixth graders found it easier than they thought it would be.

We had adjustments to make, but it got easier for us. Some of the activities were different, but we still had a lot of fun. We went to dances, and got involved in the intramural program. We could join Ski Club, Math Olympiad, Yearbook, and Student Council also.

I think seventh grade will be just as hard at the beginning. But it will get easier as we go along, just like any grade.
